To familiarize you with the financial policy of our office, we would like to explain how your health insurance or cash pay option will be handled.

I understand Texpress Urgent Care will copy my insurance card and driver's license. Services are rendered to the patient, not the insurance company. As a courtesy, our office will file your insurance coverage if proper information is received. At the time of your visit, you are required to pay your co-payments, deductibles, non-covered services, co-insurance and items considered "not medically necessary" by your insurance company. For unpaid claims over 90 days, it is your responsibility to follow up with your insurance carrier and the balance on your account is considered your responsibility. It is your responsibility to notify our front desk staff of any insurance or address changes. You will be responsible for any charges that occur if we are not notified of any insurance or address changes. Any cost incurred to collect a debt will be at the expense of the patient/responsible party. Any services that are not covered by your insurance will be your responsibility.

the patient/responsible party. Any services that are not covered by your insurance will be your responsibility.
Acknowledgment of Financial Policy
• I understand Texpress Urgent Care will obtain demographic information including mailing address, contact phone numbers, and email address. I further understand it is my responsibility to notify Texpress Urgent Care if any demographic information changes.
(initial) I understand if I do not have insurance coverage I will be responsible for services rendered at the time of service.
I understand Texpress does not accept Worker's Comp.
I understand Texpress does not accept Medicaid.
I understand Texpress is not in-network with United Health Care. If I am a United Health Care recipient, I understand I will be responsible for non-covered services and any charges UHC states I am responsible for.
• I understand payment for co-payments, deductibles, and percentages not covered by my insurance carrier are due at the time services are rendered.
• Because the office handles many kinds of insurance, we may not have all the details of your insurance benefits. Some of your questions can be best answered by a representative of your insurance company.
(initial) Your insurance coverage will be verified, and your co-pay will be determined. All co-pays are expected at the time of service and must be paid prior to insurance being submitted.
• If I am a Medicare recipient, I understand I will be responsible for annual deductibles, 20% coinsurance, non-covered services, and any charges Medicare states I am responsible for.
I hereby authorize Texpress Urgent Care to furnish my insurance company with all the information which the insurance company may request concerning my present illness or injury. I hereby assign Texpress Urgent Care all money to which I am entitled for medical expenses related to the service reported. I understand I am financially responsible to Texpress Urgent Care for charges

not covered by my insurance company. I understand I am financially responsible to Texpress Urgent Care for all charges upfront
